WJF VIRTUAL LEARNING HUB

We are establishing a virtual learning hub for critical skills training inSoftware Development skills (coding), Data analysts, AI & Machine Learning Training, Cyber security Professionals, Renewable Energy Engineers, Solar Energy Installation Professionals, Sustainability Specialists; and Environmental protection Professionals for the youths from the 5 counties. These would be achieved through strategic partnerships such as;

- Google through its Open Libraries platform.
- ABNO Softwares International LTD. for the creation of the virtual learning Platform.
- All universities in Western Kenya (MMUST, KIBABII UNIVERSITY).
- The Youth Fund through its Ajira Digital program.
- County Governments.
- Other willing partners
